1. Table of Contents

1. Introduction..... 4

2. Project video..... 4

1. Introduction

A promotional video has been created and uploaded to the Home page of the project website.

This informative video gives a general overview of the project, outlines the tasks performed and the expected results, together with a contextual situation of the state of the art.

The video will act as useful dissemination tool for the duration of the project and beyond.

2. Project video

The purpose of the project video is to raise an awareness of the project and illustrate the tasks that are being developed.

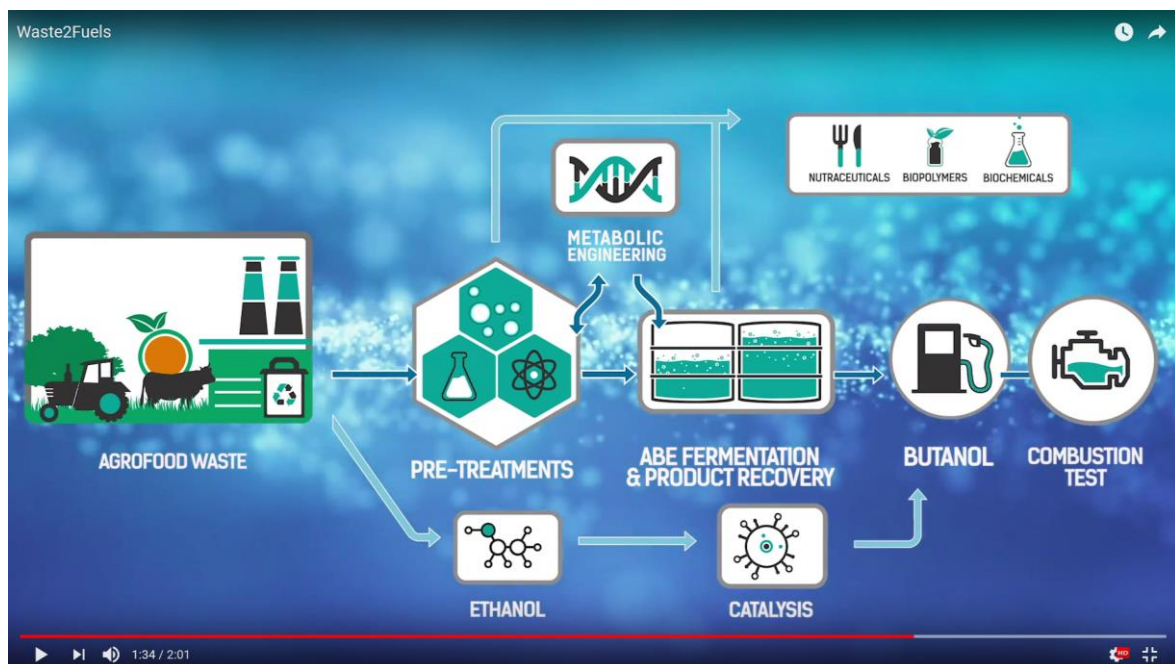

The video will be available to view on the Home page of the project website as well as on YouTube.

The YouTube link of the Waste2Fuels video is the following:
