

Dear ABE interested community!

Contributions to the **3<sup>rd</sup> Workshop on "ABE Fermentation and Recovery – Commercialisation Status and Hurdles"** to be held **11-12 July 2019 at the University of Rostock** are still welcome!

The **aim of the workshop** is to bring relevant key players together for the discussion of improvement possibilities of the Acetone-Butanol-Ethanol production.

**Topics covered by the workshop** are:

- Upstreaming
  - Fermentation
  - Feedstock
  - Strain improvement
- Downstreaming
  - Membrane processes
  - Hybrid processes
  - By-product utilisation
- Commercialization
  - Biofuel regulation
  - Possible commercialization scenarios

**Deadline** for submission of abstracts and registration **is extended to 9 June 2019!** Please use the attached template to submit an abstract (1 page, A4). **Abstracts and information on registration** for the workshop shall be **sent to:**

**[walter.wukovits@tuwien.ac.at](mailto:walter.wukovits@tuwien.ac.at)**

**Important dates/tentative workshop schedule:**

<b>9 June 2019</b>	<b>Extended deadline</b> for abstract submission and registration
10 July 2019	Arriving in Rostock and optional dinner
11 July 2019	Workshop program (tentative start at 9:00)
12 July 2019	Workshop program (tentative closing at 13:00)

Rostock can be directly reached by plane from Munich. Alternatively, you can take flights to Berlin or Hamburg and then direct trains to Rostock. Further information on hotels and location will be available soon.

On behalf of Hubert Bahl, Nasib Qureshi, Ian Maddox and Anton Friedl -  
Kind regards, Walter Wukovits
